Dear Sir:

We received your letter this morning. It is very possible that your heard the signal of our radio station C.K.R.B. on December 25th 1958 at 2:10 am. (we are operating on 1250 Kcs. with a power of 5000 watts.

You are speaking about some musical selections: The radio C.K.R.B. operator said to me that it was really exact about what you mentionned.
